

**8:00 REGISTRATION @ Akvárium Klub**

## WELCOME & INTRODUCTION

9:00 ChemAxon Intro & Portfolio Talk

## EMPOWERING CHEMICAL AND BIOLOGICAL DESIGN

**9:40** This session will put data creation in its focus, discussing development news, product roadmaps and use cases in:

- Sketching chemical structures, large biomolecules, and reactions
- Marvin JS and retrosynthesis presented by Elsevier/Reaxys
- RInChI handling - a talk by StructurePendium
- Drug design and idea management platform
- Managing design hypothesis by Boehringer Ingelheim
- Data management and reporting in Microsoft Office

**10:50 BREAK**

**11:20 Session Continues**

### 12:00 PARALLEL SESSIONS & DISCUSSION SPACE

DISCUSSION  
SPACE  
PARALLEL PROGRAM

#### HANDS-ON WORKSHOP (General Session Room)

##### Topics:

Examples, tricks, tips and tasks to draw on our web-based Marvin JS editor  
Training provided on our new education platform called Zosimos

#### HANDS-ON WORKSHOP (Aranyhall Room)

##### Topics:

Ultrafast similarity search from a developer's point of view - coding MadFast

#### ONE on ONE WITH A PO

One on One meetings with POs, Business Analysts. Casual chat with developers.

#### BUSINESS TALKS

One on One meetings with Account Managers.

**13:00 LUNCH**

**13:50 Partner Session**

## BEST-IN-CLASS SEARCH TECHNOLOGY

**15:10** In this session we will give an overview of our different search technologies, introducing our projects and related use cases:

- Chemical search in the backend on various databases
- The speed challenge - fast ways of filter and search
- Using chemical intelligence in graph databases presented by Sanofi
- 5 years on ChemAxon platform - a talk by Egis
- Combined chemical search in structured and unstructured data

**16:25 BREAK**

### 16:45 PARALLEL SESSIONS & DISCUSSION SPACE

DISCUSSION  
SPACE  
PARALLEL PROGRAM

#### HANDS-ON WORKSHOP (General Session Room)

##### Topics:

Drug design with ease, workflows with Marvin Live

#### HANDS-ON WORKSHOP (Aranyhall Room)

##### Topics:

Working with chemically intelligent graph databases  
New scalable microservices to add cheminformatics to the web

#### ONE on ONE WITH A PO

One on One meetings with POs, Business Analysts. Casual chat with developers.

#### BUSINESS TALKS

One on One meetings with Account Managers.

**17:40 END OF DAY 1**

**18:00 CONCERT & DINNER @ AKVÁRIUM**

CHEMAXON USER MEETING  
DAY 2  
23 May 2019

8:30 REGISTRATION @ Akvárium Klub

**CENTRAL REGISTRY & CLOUD INTEGRATION**

9:00 The session walks you through the topics related to the issues of adding new entities to a central database:

- Registration of small molecules as unique entities
- Registration of new compounds - use case by Sun Pharma
- Detecting controlled substances
- Haystack Project: Searching 100 millions of structures in combined DBs
- Rapid integration of chemical intelligence into your website

10:20 PARALLEL SESSIONS & DISCUSSION SPACE

DISCUSSION  
SPACE  
PARALLEL PROGRAM

**HANDS-ON WORKSHOP (General Session Room)**

**Topic:**

Adding Marvin JS, phys-chem calculations and chemical search to a website

**HANDS-ON WORKSHOP (Aranyhall Room)**

**Topic:**

Glimpse of new design concepts in Marvin.

**ONE on ONE WITH A PO**

One on One meetings with POs, Business Analysts. Casual chat with developers.

**BUSINESS TALKS**

One on One meetings with Account Managers.

11:00 BREAK

**CENTRAL REGISTRY & CLOUD INTEGRATION CONTINUES**

11:30 This session will further introduce the cloud-based solutions and projects that we are involved with:

- Introduction of our environment that enables ChemAxon capabilities on the cloud
- Use case by Analyticon
- Editing and managing uploaded assay data and chemical structures

12:20 LUNCH

13:20 PARALLEL SESSIONS & DISCUSSION SPACE

DISCUSSION  
SPACE  
PARALLEL PROGRAM

**HANDS-ON WORKSHOP (General Session Room)**

**Topics:**

Registration of chemical entities with controlled substance detection  
Uploading processed assay data  
Further analyzing and visualizing the data on the web

**HANDS-ON WORKSHOP (Aranyhall Room)**

**Topic:**

Predictive search and drawing - interactive ways of providing hints to aid drawing during a drug design session

**ONE on ONE WITH A PO**

One on One meetings with POs, Business Analysts. Casual chat with developers.

**BUSINESS TALKS**

One on One meetings with Account Managers.

14:30 BREAK

15:00 END OF THE DAY
