

8:00 REGISTRATION @ Akvárium Klub

WELCOME & INTRODUCTION

9:00 ChemAxon Intro & Portfolio Talk

EMPOWERING CHEMICAL AND BIOLOGICAL DESIGN

9:40 This session will put data creation in its focus, discussing development news, product roadmaps and use cases in:

- Sketching chemical structures, large biomolecules, and reactions
- Marvin JS and retrosynthesis presented by Elsevier/Reaxys
- RInChI handling - a talk by StructurePendium
- Drug design and idea management platform
- Managing design hypothesis by Boehringer Ingelheim
- Data management and reporting in Microsoft Office

10:50 BREAK

11:20 Session Continues

12:00 PARALLEL SESSIONS & DISCUSSION SPACE

DISCUSSION
SPACE
PARALLEL PROGRAM

HANDS-ON WORKSHOP (General Session Room)

Topics:

Examples, tricks, tips and tasks to draw on our web-based Marvin JS editor
Training provided on our new education platform called Zosimos

HANDS-ON WORKSHOP (Aranyhall Room)

Topics:

Ultrafast similarity search from a developer's point of view - coding MadFast

ONE on ONE WITH A PO

One on One meetings with POs, Business Analysts. Casual chat with developers.

BUSINESS TALKS

One on One meetings with Account Managers.

13:00 LUNCH

14:00 Partner Session

BEST-IN-CLASS SEARCH TECHNOLOGY

15:00 In this session we will give an overview of our different search technologies, introducing our projects and related use cases:

- Chemical search in the backend on various databases
- The speed challenge - fast ways of filter and search
- Using chemical intelligence in graph databases presented by Sanofi
- 5 years on ChemAxon platform - a talk by Egis
- Combined chemical search in structured and unstructured data

16:15 BREAK

16:45 PARALLEL SESSIONS & DISCUSSION SPACE

DISCUSSION
SPACE
PARALLEL PROGRAM

HANDS-ON WORKSHOP (General Session Room)

Topics:

Drug design with ease, workflows with Marvin Live

HANDS-ON WORKSHOP (Aranyhall Room)

Topics:

Working with chemically intelligent graph databases
New scalable microservices to add cheminformatics to the web

ONE on ONE WITH A PO

One on One meetings with POs, Business Analysts. Casual chat with developers.

BUSINESS TALKS

One on One meetings with Account Managers.

17:45 END OF DAY 1

18:30 CONCERT & DINNER @ AKVÁRIUM

CHEMAXON USER MEETING
DAY 2
23 May 2019

8:30 REGISTRATION @ Akvárium Klub

CENTRAL REGISTRY & CLOUD INTEGRATION

9:00 The session walks you through the topics related to the issues of adding new entities to a central database:

- Registration of small molecules as unique entities
- Registration of new compounds - use case by Sun Pharma
- Detecting controlled substances
- Rapid integration of chemical intelligence into your website

10:15 PARALLEL SESSIONS & DISCUSSION SPACE

DISCUSSION
SPACE
PARALLEL PROGRAM

HANDS-ON WORKSHOP (General Session Room)

Topics:

Adding Marvin JS, phys-chem calculations and chemical search to a website

ONE on ONE WITH A PO

One on One meetings with POs, Business Analysts. Casual chat with developers.

BUSINESS TALKS

One on One meetings with Account Managers.

11:00 BREAK

CENTRAL REGISTRY & CLOUD INTEGRATION CONTINUES

11:30 This session will further introduce the cloud-based solutions and projects that we are involved with:

- Introduction of our environment that enables ChemAxon capabilities on the cloud
- Use case by Analyticon
- Editing and managing uploaded assay data and chemical structures

12:20 LUNCH

13:20 PARALLEL SESSIONS & DISCUSSION SPACE

DISCUSSION
SPACE
PARALLEL PROGRAM

HANDS-ON WORKSHOP (General Session Room)

Topics:

Registration of chemical entities with controlled substance detection
Uploading processed assay data
Further analyzing and visualizing the data on the web

ONE on ONE WITH A PO

One on One meetings with POs, Business Analysts. Casual chat with developers.

BUSINESS TALKS

One on One meetings with Account Managers.

14:30 BREAK

15:00 END OF THE DAY
